# Prince & Princess of the Beach Volleyball Tournament Rules

**Teams:** No Teams! – Individual players will rotate every game

**Format:** Two 18U Divisions – Boys & Girls  
King/Queen of the Beach - 2-players rotating partners for each game

- Each player scores individually NOT as a team  
*For example: Players A & B = 15, then each player scores 15 for that game and losing Players C & D = 9 each score 9 for that game.*
- The cumulative score with each partner rotation is a player's total score at the end of a round.  
*For example, in pool play, Player A plays with Player B, then Player C, then Player D. Player A's cumulative score is whatever the finish was for each game B+C+D=A or in numbers it might look like this: 15+10+15=40 points (two wins and one loss). In the example below, you can see the top 8 players from pool play advance based on their cumulative scores. Then, the top 4 players advance from the semi-finals to the finals. At the end Play number 12 wins!*
